# Price List of Gladioli 1926-1927

## "GERVAIS GARDENS"

A. H. LOHMAN 957 Beech Street St. Paul, Minn.  
 A. G. S. No. 1452

Growing "Glads" for pleasure is my hobby—but having always saved the increase, my two hundred odd varieties and numerous seedlings have multiplied to the point where the limit of my space and time has been reached; hence, this modest list at prices which I hope will move my surplus. All healthy, Minnesota grown bulbs, liberal with extras.

 Dozen at ten times single price, half dozens on same basis.
